

Does your child need occupational therapy?

"KIDS CLUB" Paediatric Therapy Practice is a new practice that has recently opened in South Guildford. The practice currently specialises in occupational therapy services for children 2 - 18 years of age. Your child can see one of our passionate and experienced therapists at our beautiful new clinic located at the Waterhall Medical Centre in South Guildford. Alternatively therapists can visit your child at day care, home or school for your convenience.

KIDS CLUB is a family centred, evidence based practice dedicated to helping your child learn and optimise these skills:

Handwriting
Fine motor
Gross motor
Self care
Social & play

Attention & concentration
Sensory processing & regulation
Emotional regulation
Self organisation
Confidence & self esteem

Working in close collaboration with families, schools and other health professionals, we can help your child optimise his or her potential at home, school and play. If you would like any more information about occupational therapy for your child or would like to book an appointment please call Cindy on 0402 881 087 or email kidsclubpractice@gmail.com
